Subject index

Abdomen
Non-specific abdominal pain: a safe diagnosis?, 109
ADSE
Ninth Meeting of the Academic Departments of Surgery in Europe at London in 1995, 268
Amputation
Transtibial amputation using a medially based flap, 263
Anaesthesia
Anaesthesia for laparoscopic surgery, 151
Aneurysm
Abdominal aortic aneurysm: a 12-year experience in the Grampian Region, Scotland, 180
Aneurysms
Aneurysms of the infrapopliteal arteries, 324
Aortic aneurysm
Seasonal variation in the incidence of ruptured abdominal aortic aneurysm, 14
Appendicectomy
Early patient discharge following appendicectomy: safety and feasibility, 300

Benign breast lumps
The effect of danazol on benign breast lumps, 371
Biliary
Longterm follow-up of biliary stents for retained commonbile duct stones in elderly patients, 42
Biliary surgery
Assessment of the common bile duct before cholecystectomy: a direct comparison between ultrasonography and intravenous cholangiography, 16
Assocoation of positive bile cultures with the magnitude of surgery and the patients' age, 188
Exploration of the common bile duct for stones: the influence of the flexible choledochoscope and perioperative antibiotic paralysis, 28
Blood transfusion
Blood use for surgical patients: a study of Scottish hospital transfusion practices, 10
Current blood tranfusion practice in aortic aneurysm surgery in Scotland, 104
Breast
Assessment of a specimen mount for biopsy of impalpable breast lesions, 97
Breast-benign:
A safe technique of major mammary duct excision, 35
Giant fibroadenomas of the breast in an oriental community, 161
Breast-infection:
Breast abcesses in Nigeria: lactational versus non-lactational, 25
Breast-malignant:
Detection of loco-regional recurrence after breast-conserving surgery and radiotherapy, 163
Radical surgery for advanced and recurrent breast cancer, 88
Breast surgery
The changing scene in breast surgery in a plastic surgery unit (1964-1994), 279

Catheters
Management of retained Foley cathers, 290
Central venous access
Experience of an implantable central venous access system in a district general hospital, 31
Cholangiography
Intravenous colangiography and operative cholangioigraphy: implications for a laparoscopic cholecystectomy, 233
Cholecystectomy
Open cholecystectomy: muscle splitting versus muscle dividing incision: a randomized study, 230
The value of abdominal exploration during cholecystectomy, 377
Chylothorax
Ligation of the thoracic duct without the thoracotomy for the treatment of postoperative chylothorax: a newly designed surgical procedure, 60
Cirrhosis
Alterations of trace elements in kidney, spleen and lungs in treated and untreated experimental liver cirrhosis, 173
Colon surgery
Dilatation of the left colon with a Foley catheter: an aid to staple anastomosis, 308
Colorectal
Total colonic mobilization and exteriorization facilitates intra-operative colonic irrigation, 171
Which surgeons in a District General Hospital should treat patients with carcinoma of the rectum?, 52
Colonoscopy
The role of oral sodium phosphate and its effectiveness in large bowel preparation for an outpatient colonoscopy, 374

Dislocation
Thyroidectomy for large multinodular colloid goitre, 367

Fractures
Arthroscopically guided Kirschner wire fixation for fractures of the intercondylar eminence of the tibia, 260
Cervical spine fractures, 337
Children's femoral fractures: the Edinburgh experience, 411
Isolated dislocation of the radial head in adult: a case report and review of the literature, 421
External fixation for tibial fractures: clinical reports and cost-effectiveness, 344

Gastrinomas
Serum gastrin levels in the pre-operative localization and surgical treatment of the gastrinomas, 225
Genito-urinary
Dorsal relieving incision for the non-retractile foreskin, 243
Germinal matrix
Excision of the germinal matrix: a modification, 59

Historical
Rembrandt and medicine, 81

Infection
Orbital subperiosteal abcesses as a complication of acute orbital cellulitis, 246
Postoperative pyomyositis following total hip replacement - a case report, 266
Intestinal obstruction
Mesosigmoplasty - preferred definitive treatment for sigmoid volvulus, 248
Intra-abdominal abcesses
Indium-111 leucocyte scintigraphy and ultrasound scanning in the detection of intra-abdominal abscesses in patients without localizing signs, 380
Ischaemia
Mesenteric ischaemia: prognostic factors and influence of delay upon outcome, 112

Jejunal autografts
The function of free jejunal autografts in the pharyngo-oesophageal segment, 363

Laparoscopic cholecystectomy
Laparoscopic cholecystectomy in patients with sickle cell disease, 383
Laparoscopic hernia repair
Critical appraisal and current position of laparoscopic hernia repair, 331
Laparoscopic surgery
Anaesthesia for laparoscopic surgery, 151
Dissection techniques in laparoscopic surgery: a review, 249
Ergonomics, engineering and surgery of endosurgical dissection, 120
Laparoscopic management of cancer patients, 1
Laparoscopic subtotal cholecystectomy, 20
Large bowel herniation after laparoscopic cholecystectomy, 119
Open versus laparoscopic cholecystectomy: a comparison of postoperative temperature, 116
Legal
Consent in medicine and sport, 213

Mastectomy seroma
Post-mastectomy seroma: a new look into the aetiology of an old problem, 292
Meckel's diverticulum
Meckel's diverticulum: a continuing dilemma?, 392
Minimal access surgery
Current state and trends in minimal access surgery in Europe, 397
Multinodular colloid goitre
Thyroidectomy for large multinodular colloid goitre, 367

Oesophageal stricture
Management of benign oesophageal stricture by total fundoplication gastroplasty, 305
Oesophageal tumour
Pattern and surgery for oesophageal carcinoma in Saudi Arabia, 215
Orthopaedic
A prospective audit of knee athroscopy: a study of the accuracy of clinical diagnosis and therapeutic value of 325 knee arthroscopies, 135
An approach to the diagnosis of chronic wrist pain, 407
Clubfoot: congenital talipes equinovarus, 66
Distal first metatarsal osteotomy and adductor release as a treatment of hallux valgus, 133
Isolated dislocation of the radial head in an adult: case report and review of the literature, 421
Pathology of symptomatic lumbar disc protrusion, 200
Retrosternal dislocation of the sternoclavicular joint, 208
Scottish Orthopaedic Association General Meeting in Law Hospital, Carluke on 4 June 1994,72
The urinary tract and joint replacement surgery: current opinion, 203
The reversed Esmarch tourniquet technique for the retrieval of cut flexor tendons, 419
Use of non-cannulated screws in fixation of subcapital fractured necks of femur, 206

Paediatrics
A multivariate analysis of childhood abdominal pain in Trinidad, 99

© 1995 The Royal College of Surgeons of Edinburgh

Epididymitis in infants, 196
Neonatal surgery, 84
Pancreas inflammation
Therapeutic strategies for pancreatic pseudocysts, 192
Pancreatic tumours
Rapid fractionation pre-operative chemoradiation for malignant periampullary neoplasms, 319
Peritoneal lavage
A visual aid to assess diagnostic peritoneal lavage fluid, 61
Pharyngeal pouch
Surgery for the pharyngeal pouch: audit of management with short- and long-term follow-up, 315
Post-traumatic pericardial syndrome
Post-traumatic pericardial syndrome following oesophageal surgery, 395
Pressure sores
An audit of mortality in patients with pressure sores admitted to a regional plastic surgery unit over a 20-year period, 313
Prostate
Transurethral resection of the prostate in 539 patients at a district general hospital, 240

Radial head
Isolated dislocation of the radial head in an adult: case report and review of the literature, 421
Rectal bleeding
Massive rectal bleeding in pregnancy: a case report, 396
Renal
Extrarenal Wilms' tumour presenting with intraperitoneal haemorrhage, 198

Shock
Outcome of patients with haemorragic shock: an indicator of performance in a trauma centre, 221
Sickle cell disease
Laparoscopic cholecystectomy in patients with sickle cell disease, 383
Skin closure
Opsite skin closure in day case plastic surgery: is subcuticular suture necessary?, 386
Skin closure using nylon and polydioxanone: a comparison of results, 342
Sporting injuries
Is sport good for us? A personal view on sporting injuries and how to manage them, 369
Streptococcal myositis
Streptococcal myositis and the acute abdomen: a case report, 330
Surgical practice
Crossover trial of partial shift working and a one in six rota system for house surgeons in two teaching hospitals, 55
Surgical sutures
A simple assessment of surgical sutures and knots, 388
Irradiated polyglactin 910: a new synthetic absorbable suture, 185

Thoracic duct injury
Thorascopic management of thoracic duct injury, 303
Thoracoscopic
Videothoracoscopic lung biopsy in diagnosis of interstitial lung disease, 22
Thyroidectomy
Thyroidectomy for large multinodular colloid goitre, 367
Thyroid malignancy
Thyroid malignancy in multinodular goitre and solitary nodule, 310

Tourniquet
The reversed Esmarch tourniquet technique for the retrieval of cut tendon flexors, 419
Trauma
An audit of stab wounds in Cardiff, 167
Lap seat-belts: still trouble after all these years, 139
The crushed foot, 138
Tumour
Results of a 3 cm excision margin for melanoma of the scalp, 93

Urethral strictures
A prospective randomized study of self-dilatation in the management of urethral strictures, 295
Urology
Shorter stay urology: the way forward, 46
Unusual cause for acute retention of urine, 197
A crowded ureter, 328

Varicose vein
Varicose vein surgery: patient satisfaction, 298
Vascular
'Brachial/basilic vein' transposition for vascular access, 219
Vascular surgery
Training for vascular surgery: a template for the future, 355

Vision
Visual handicap in south-east Scotland, 49

Wound drains
Wound drains in proximal femoral fracture surgery: a randomized prospective trial of 177 patients, 416
Wound healing
Effects of plane mechanical forces in wound healing in humans, 38
